Date

All students are required to register each semester to maintain his or her status as a current student and to receive all rights, benefits, and privileges afforded to students. Registration consists of the completion of the online registration process or submission of a registration card, submission of a current, local address to which ANAS mail may be sent, and payment of all tuition and fees by the required dates. Students who fail to follow this procedure will not be considered registered and are not entitled to the student services of ANAS.

Registration materials and information are sent to all continuing students who have registered in the immediate prior semester and who have no outstanding debts (other than loans) with ANAS. New students who have returned their Student Acceptance Form along with the required deposit will also be sent registration materials and information.

Students who fail to register before the end of the registration period in any semester may register retroactively at the beginning of the following semester upon payment of all late fees and a reinstatement fee.

A student who leaves ANAS without obtaining a leave of absence or who fails to register and pay the required tuition and/or fees for more than one semester must apply for readmission. An unauthorized absence does not relieve the student of the obligation to register each semester until the completion of all degree requirements. Readmitted students will be required to pay the charge due for each term of absence, to a maximum of eight terms, plus the reinstatement fee and any late fees.
